ORDER

GREGORY H. WOODS, United States District Judge:

On April 22, 2024, counsel for the United States filed a signed protective order on the docket of this case. Dkt. No. 314. Counsel for the United States coded the docket entry as a motion for a protective order, but the proposed order is not accompanied by a letter motion or other application from the United States. The Court declines to take action with respect to the proposed protective order at this time. The proposed order begins with a recital that refers to a predicate application by the United States (“Upon the application of the United States of America . . .”). While coding a proposed order as a motion on the ECF system may be expedient, it is not a substitute for a signed letter or other application to the Court requesting that the Court take action and stating the reasons for the request.<sup>1</sup>

The Clerk of Court is directed to terminate the motion pending at Dkt. No. 314.

SO ORDERED.
